## MOHAIR TONNEAU COVER (WITH HEADRESTS) 62-64

Mohair black full length tonneau cover with headrest pockets, fitting RHD chrome bumper MGB roadsters plus earlier cars with Club Sports Recliner seats (please contact MGOC Spares for details on LHD tonneau covers). Mohair is a tightly woven fabric usually found on luxury convertible cars with three layers: a weather-resistant layer, a waterproof membrane and an interior lining.

Mohair tonneau covers for MGBs are supplied complete with all fasteners pre-fitted by the manufacturer using precision jigs, ready for you to fit the cover straight onto your car. Faithfully following original MG tonneau cover design, mohair covers include all the features enabling the tonneau cover to be fastened in three quarter and half positions while the car is in use or fully fastened to the fascia when the car is left parked. Seat belt flaps are also included.

Tonneau covers for rubber bumper MGBs with or without headrest pockets are also available - please enquire for details.

*Easy to fit.* All fixings are ready-fitted to the tonneau cover, so assuming you have the necessary tonneau sticks to support it (see recommendation below) and the tonneau stick sockets in the car, it's just a matter of stowing or folding your hood and using the hood's rear fixing points to attach the tonneau cover. Absolutely simple.

*No tools required.*
